

Wine & Beverage List

Bienvenue et Bonjour,

In compiling the beverage collection at Thyme², we pride ourselves on emphasising a differing range of wines which helps to capture the teams' imagination and passion for the Sofitel Wine Program. We also choose to focus on the monthly themes of the Interactive Dining Experience, as mirrored by our featured regional Mediterranean spotlight for the month. Being a Luxury French Hotel, we place importance of the harmony between food and wine, and the French wine culture, shown through a variety of differing French wine styles and regions.

We place emphasis on providing wines which you require as well as focusing on the education aspect to better help enhance your dining experience. We believe that each of these wines tell a story to each person differently – the region (and *Terroir*), the winemakers influence and the vintage, all come into completing this story.

Should you require any guidance or recommendations, please feel free to ask a member of our team. Once again, we welcome you to Thyme² and trust that you have a 'Magnifique' dining experience.

Bonne Dégustation

Mediterranean Regional Spotlight

The Mediterranean has long been seen as one of the birthplaces of wine and wine culture.

Stretching from the North of Enotria (current day Italy) to the South as far as Mesopotamia (current day Iran and Iraq) and Lebanon, these places hold a rich history and stories of wine. To help better understand why this style of wine is suited to the food, our Sofitel wine program has chosen to highlight few wines which we recommend to further enhance your Mediterranean dining experience.
