

Bienvenue et Bonjour,

In compiling the beverage collection at Thyme², we pride ourselves on emphasising a differing range of wines which helps to capture the teams' imagination and passion for the Sofitel Wine Program. We also choose to focus on the monthly themes of the Interactive Dining Experience. Being a Luxury French Hotel, we place importance of the harmony between food and wine, and the French wine culture, shown through a variety of differing French wine styles and regions.

We place emphasis on providing wines which you require as well as focusing on the education aspect to better help enhance your dining experience. We believe that each of these wines tell a story to each person differently – the region (and *Terroir*), the winemakers influence and the vintage, all come into completing this story.

Should you require any guidance or recommendations, please feel free to ask a member of our team. Once again, we welcome you to Thyme² and trust that you have a 'Magnifique' dining experience.

Bonne Dégustation
